1.18.1 By submission of this proposal each Offeror certifies, and in the case of a joint proposal each party, thereto, certifies as to its own organization, that in connection with this procurement:

a) The prices in this proposal have been arrived at independently, without consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other Offeror or with any competitor;

b) Unless otherwise required by law, the prices which have been quoted in this proposal have not been knowingly disclosed by the Offeror and will not knowingly be disclosed by the Offeror prior to opening, directly or indirectly to any other Offeror or to any competitor; and

c) No attempt has been made or will be made by the Offeror to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.

1.18.2 Each person signing the Request for Proposal Cover Sheet of this proposal certifies that:

a) He/She is the person in the offeror's organization responsible within that organization for the decision as to the prices being offered herein and that he has not participated, and will not participate, in any action contrary to (1)(a) through (1)(c) above; or

b) He/She is not the person in the offeror's organization responsible within that organization for the decision as to the prices being offered herein but that he has been authorized in writing to act as agent for the persons responsible for such decision in certifying that such persons have not participated, and will not participate, in any action contrary to (1)(a) through (1)(c) above, and as their agent does hereby so certify; and he has not participated, and will not participate, in any action contrary to (1)(a) through (1)(c) above.

1.19 Standard Contract

Except as modified herein, the standard State Contract Terms and Conditions and the Model Contract, attached as Exhibit A, shall govern this procurement and are hereby incorporated by reference. Please note this Model Contract lists the State's required legal provisions but does not include the specific scope of work and requirements for this RFP.

The Offeror is expected to review the attached Model Contract and note exceptions. Offerors agreeing to abide by the requirements of the RFP are also agreeing to abide by the terms of the Model Contract. Unless the Offeror notes exceptions in its proposal, the conditions of the Model Contract will govern. It may be possible to negotiate some of the wording in the final contract; however there are many provisions, such as those contained in the Special Provisions pages that cannot be changed. Vendors are cautioned that the State believes modifications to the standard provisions, terms and conditions, and Special Provisions constitute increased risk to the state and increased costs. Therefore, the scope of requested exceptions is considered in the evaluation of proposals.

Please note that the Model Contract is a sample of the contract that the awarded Offerer will be required to sign. Not all clauses in the Model Contract will apply to this solicitation, for example, because this is an outsourced contract, no State funds will be used to pay for performance. Therefore, all references to compensation, billing, fees, and funding do not apply and will be removed from the final contract and replaced with appropriate provisions.

1.20 Legislative Changes

The State of Colorado reserves the right to amend the contract in response to legislative changes that affect this project.

1.21 Order of Precedence

In the event of any conflict or inconsistency between terms of this request for proposal and the offer, such conflict or inconsistency shall be resolved first, by giving effect to the terms and conditions of the contract, second to the request for proposal, and third, to the proposal.

1.22 Venue

The parties agree that venue for any action related to performance of this contract shall be in the City and County of Denver, Colorado.

1.23 Audit

The successful Offeror may be required to have a process audit conducted of the program at least once every three years. If the successful Offeror has not had such an audit prior to awarding of this contract, one may be required to begin within six months of the award of this contract. A complete copy of the audit must be provided to the project manager as identified in the final contract within five working days of its completion. The State will negotiate directly with the Offeror regarding any exceptions or findings from the audit.

1.24 Compliance with Applicable Laws. The selected Offeror will be required to administer the program pursuant to all statutory and rule requirements as well as terms and conditions outlined in this RFP, the contract, and any other applicable laws. This requirement includes any work required from the selected Offeror to facilitate the timely execution of the contract. In addition, contracts cannot be executed unless and until the Offeror registers and maintains registration with the Colorado Secretary of State throughout the terms of the contract. The selected Offeror cannot commence any work associated with the RFP until the State has an executed contract in place.

Section 3 – Background Information

Background

The purpose of the RFP is to solicit proposals for a Nursing Peer Health Assistance Program or a Nurse Alternative to Discipline Program (“the Program”). The State Board of Nursing, Division of Registrations, Department of Regulatory Agencies, herein referred to as “the Board”, is the agency responsible for licensing and regulating Professional Nurses and Practical Nurses in the State of Colorado.

The Board is authorized under Colorado Revised Statutes (C.R.S.) 12-38-131, to disburse monies from the Nursing Peer Health Assistance or Nurse Alternative to Discipline Program Fund (“the Fund”) to one or more recognized programs for nurses needing assistance in dealing with physical, emotional, or psychological problems which could become detrimental to their ability to practice nursing. In order to maintain clarity and consistency, licensed professional nurses and practical nurses will be identified as program recipients, and referred to throughout the remainder of the RFP as recipients.

3.1 Overview

The goal of this program is to offer assistance and education to Colorado recipients concerning the recognition, identification and prevention of physical, emotional, psychiatric, psychological, drug abuse, or alcohol abuse problems and provide for intervention when necessary or under circumstances that may be established in rules promulgated by the Board. It is the intent of the Board to contract with one contractor to provide the desired services.

Number of active licenses: As of April 30, 2007, there were 55,689 professional nurses and 9,944 practical nurses licensed in Colorado. Currently, the law provides that each nurse who renews their license biennially, shall pay, in addition to the biennial license renewal fee, an additional fee of eighteen dollars, credited to the Fund. (Reference 12-38-131) There are currently approximately 250 recipients enrolled in the Nursing Impaired Professional Diversion Program (“IPDP”). The Nursing IPDP does not apply to Psychiatric Technicians and Certified Nurse Aides.

Funds will be dispersed in future contract renewal years provided the contractor is in compliance with the terms of the contract, passes performance reviews as determined by the Board and that the money is available in the fund and has been appropriated for the expenditure. All monies are to be used in the provision of services pursuant to the terms of the contract and not used to obtain other funds including grants, fundraising or other supplemental funding for the contractor. The contractor may not purchase physical assets from monies distributed from the Fund, unless Board approved. Cost of treatment for a recipient shall be the responsibility of the recipient and shall not be funded through the program.

3.2 Definition of Terms

Term of Contract: 1-year contract beginning January 1, 2008 and ending December 31, 2008 with four (4) optional 1-year renewals.

In order to better facilitate Offeror understanding of this RFP, the following definitions apply:

“The Board” refers to the Colorado State Board of Nursing.

“Nursing Peer Health Assistance Program or Nurse Alternative to Discipline Program” is defined in 12-38-131 C.R.S.

The "Administering Entity" means a qualified, nonprofit private foundation that is qualified under section 501 (c) (3) of federal "Internal Revenue Code of 1986", as amended, and shall be dedicated to providing support for charitable, benevolent, educational and scientific purposes that are related to medicine, medical education, medical research and science, and other medical charitable purposes.

The Administrating Entity shall be responsible for the moneys collected; distribute the moneys collected, less expenses, to the approved designated provider, as directed by the Board; provide an annual accounting to the Board of all amounts collected, expenses incurred, and amounts disbursed; and post a surety performance bond in an amount specified by the Board to secure performance.

The Board is seeking an outside contractor to assume the responsibility of providing the services of the nursing peer health assistance program or nurse alternative to discipline program for recipients. Certain statutory standards (found in C.R.S. 12-38-131) must be met by the potential contractor. The contractor must be in conformance with, and describe or demonstrate how the requirements of C.R.S. 12-38-131 would be complied with, to wit:

Per C.R.S. 12-38-131 (3) (a) to be eligible for designation by the Board pursuant to this section, a peer health assistance program or nurse alternative to discipline program shall:

- I. Offer assistance and education to licensees concerning the recognition, identification, and prevention of physical, emotional, psychiatric, psychological, drug abuse, or alcohol abuse problems and provide for intervention when necessary or under circumstances that may be established in rules promulgated by the Board.
- II. Evaluate the extent of physical, emotional, psychiatric, psychological, drug abuse, or alcohol abuse problems and refer the recipient for appropriate treatment.
- III. Monitor the status of a recipient who has been referred for treatment, including assessing continued public protection.
- IV. Provide counseling and support for a recipient and for the family of a recipient referred for treatment.
- V. Receive referrals from the Board
- VI. Make services available to all recipients statewide

The person, firm, or organization awarded a contract shall provide services, which meet or exceed the statutory requirements previously enumerated.

Any peer assistance program which is a federally assisted drug or alcohol abuse program as defined by 42 C.F.R. Part 2 must comply with all applicable requirements of such federal regulations and enabling federal statute.

Payment will be disbursed monthly for the period January 1, 2008 through December 31, 2008. Any money received pursuant to a contract with the Board that is unspent by the Contractor as of December 31, 2008 shall be returned to the administering entity selected by the Board pursuant to the provisions of paragraphs 9 (b) if Subsection 12-38-131 for subsequent appropriation and disbursement.

Concisely and clearly describe your agency's ability to manage the ongoing costs associated with the ensuing contract. Include any information that may be used to supplement expenses of the Program above the amount provided by the Fund. Include your budget for this program and detail the costs of your services per line item.

- 4.4 **Compliance with Applicable Laws:** The contractor is to administer the program pursuant to, and demonstrate compliance with, all statutory and rule requirements as well as terms and

Late proposals will not be accepted. Vendors are cautioned that daily mail may not be received prior to 4:00 p.m.; therefore, if proposal is not hand delivered, Offeror should ensure proposal is received by mail or delivery service the prior day.

Submit one (1) original and five (5) copies of the proposal, as well as an electronic copy in Microsoft Word. The proposal package shall be delivered or sent by mail to:

Offeror's Name
RFP-No.
Proposal Due Date and Time

Offerors must segregate the portion of the proposal responding to the pricing and funding proposal so the technical proposal can be evaluated without consideration of the price or funding model.

The State desires and encourages that proposals be submitted on recycled paper, printed on both sides. While the appearance of proposals and professional presentation is important, the use of non-recyclable or non-recycled glossy paper is discouraged.

5.2 Page Limit

Unnecessarily elaborate proposals are not desired. Font size for basic narrative descriptions must be no smaller than 12 characters per inch. Indexes, tables of contents, lists of figures/tables, and glossary of terms will not be counted toward the overall page count. Textual explanations of screen prints or graphic materials, standard commercial brochures or descriptions, or other standard product documentation that are attached in appendices or exhibits will not be counted against page limitation. However, evaluators cannot be expected to comprehend all material in exhibits whose content and relevance to the proposal description are not clearly integrated into the technical discussion.

The state reserves the right to approve any replacement personnel.
- C. Describe your firm's experience with similar projects. For the two most closely related projects: state the [actual audited savings and the time period over which it accrued; give examples of before-and-after pricing and indicate how long vendors honored the new pricing; describe in detail the role and level of state employee involvement during the contract period, including but not limited to Governor's office personnel, cabinet-level personnel, central purchasing office manager(s) and buyers, IT personnel, accounting personnel].

This section supplements paragraph 1.5, "Scope of RFP/Basis of Award" in the Colorado Solicitation Instructions/Terms and Conditions that are available through the link on the BIDS solicitation page.

- The Offeror's experience, qualifications, and key personnel, and the extent to which the qualifications, experience, and past performance are likely to foster successful, on-time performance.
- The technical proposal, including
 - Soundness of offeror's approach to the Scope of Work defined in Section 4,

- Cost Component.
- The extent to which Offeror agrees to Colorado's basic contract terms and required Special Provisions without seeking exceptions.

6.2 Award Methodology

This solicitation is exempt from the State of Colorado Procurement Rules/Code per R-24-101-105-01(a). On the basis that "no State dollars are expended". In summary, this solicitation does not require competition and does not need to be posted on Colorado BIDS or otherwise announced. The Department of Regulatory Agencies (DORA) reserves the right to contract with a vendor to provide services/goods described in the solicitation at any time. There will be no protest period after an award has been made to a qualified Offeror.

An Evaluation Committee will evaluate the merits of proposals received in accordance with the evaluation factors stated in this RFP and identify the proposal that is most advantageous to the state. While numeric evaluations may be used in some aspects of the process to identify strengths and weaknesses of proposals, the final decision will be a business decision and will not be based on a numerical score. A Decision Memorandum will document the basis for the award decision.

Failure of the Offeror to provide any information requested in this RFP may result in disqualification of the proposal. This responsibility belongs to the Offeror.

Offerors should not assume that they will have an opportunity for oral presentations or revisions of proposals, so they should submit their most favorable proposals as their initial proposal. If award is not made on receipt of initial proposals, Offerors in the competitive range (those most responsive to the requirements and reasonably susceptible of being selected for award) may be provided an opportunity to make an oral presentation. The oral presentation will include a discussion for the purpose of clarification and to ensure full understanding of and responsiveness to solicitation requirements.

If proposal revisions are permitted after oral presentations and discussions, a date will be established in writing by the State for submission of best and final offers. Offerors will not be provided an opportunity for comprehensive proposal revisions.

The apparently successful Offeror may be required to submit for the most current reported period and a reasonable number of previous years (in order of preference) an audited financial statement, a financial statement reviewed by a certified public accountant, a third-party prepared financial statement if an audited or reviewed statement is not available, or another financial statement prepared in the routine course of the Offeror's business, in order to assist the State in making its determination of Offeror responsibility in accordance with CRS 24-103-401.
